

Tania Srouji Runs for Woman of the Year

April 6, 2012

Benefits the Leukemia and Lymphoma Society

I have had the distinct pleasure and nomination to run for the Leukemia and Lymphoma Woman of the Year for 2012 which will begin on February 23rd.

I am humbled for the nomination and I accepted the role with the greatest pleasure. The 8 week campaign is to raise money for the Leukemia and Lymphoma Society (LLS), and whoever raises the most money wins. My goal is to raise \$50,000 in 8 weeks. With your help I know I can do that!

However, this is not about the money. This is not about being "Woman of the Year". This is about giving others the quality of life that we have. This is about touching people and changing their lives. They didn't ask for help. They don't want

our money. They just want to be healthy, and this is where "Team Tania" steps in.

Many of you recall this time last year, sister Abeer Srouji ran and won "Woman of the Year" raising more than \$28,800. Her involvement with LLS changed our lives and opened our hearts. I hope you can find it in your heart to help me reach and exceed my goal.

LLS is a non-profit organization that has a mission to cure leukemia, lymphoma, Hodgkin's disease and myeloma, and improve the quality of life of patients and their families. LLS is the world's largest voluntary health agency dedicated to blood cancer. LLS funds lifesaving blood cancer research around the world and provides free information and support services.

Do you know anyone personally who has Leukemia, Lymphoma, or any other type of blood cancer? Did you know that Leukemia is the Number 1 cancer-killer of children? I know two children who have survived this disease, and I would like to tell you about them and how you can help these two amazing kids and countless other children just like them. Once I do, I am optimistic that you will support LLS's efforts through my campaign to fund cutting-edge research to cure Leukemia, Lymphoma, and all blood cancers.

Ashley Fazekas has been named Girl of the Year. Ashley is a very bright and vivacious seven year old who willingly shares her cancer experience in order to help others. She was diagnosed at the age of one and half with A.L.L. (acute lymphocytic leukemia).

Dustin Beaver has been named Boy of the Year and is an energetic twelve-year old from Mechanicsburg who was diagnosed with A.L.L. two days before Christmas, 2010. Dustin has thankfully been in remission since January, but he has to undergo maintenance treatment for the next few months.

I am asking you to consider the most generous donation you can give. Your time and efforts will help Ashley, Dustin, and thousands of children and adults in their fight against blood cancers.

With a Thankful Heart,

Tania Srouji

If you would like to donate please visit www.tania2012.com. Thank you!
